To Whom It May Concern:

My name is Doctor George B. Iskandar. I am an Obstetrician Gynecologist in private solo practice in Northridge, Los Angeles County. Thru the mutual friendship of Claire Mansour, I got acquainted with Myrna Nazzour who was pregnant in the year of our Lord 1988.

On July 26, 1988, I had the privilege of delivering Myrna by Cesarean section of a live male baby. While in the hospital, and while I was making my routine rounds, I would sit and chat with Myrna whom I found to be extremely intelligent, honest and sincere. She gave me a picture of Our Lady Mary "El-Soufanieh". I took the picture home and left it there. On the day of her discharge from the hospital, Myrna asked me about the picture and that she wants to pray on it for me. I told her I have the picture at home, thus she could not offer her prayers. However, I told her to come for her post operative check up at my office and I would bring the picture with me and she could pray on it. We agreed on that.

On the date that she was to come and see me in the office I forgot to bring the picture of Our Lady. I was examining Myrna in the examining room and all of a sudden both her hands started dripping oil. It was so copious that my employees and I were wiping the oil with cotton balls. At that time Myrna looked at me and said "you forgot about Our Lady El Soufanieh and you did not bring the picture, but, Our Lady did not forget you and she is giving you this oil." It was a hair raising experience. We were all alone in the examining room with Claire Mansour and this happened in front of my own eyes. It was some site to see.
